

Breazy

A semi-disposable cloth with microfibre cleaning performance

Unique wave pattern with dirt pick-up pockets

Use and dispose – or wash and use again

Breazy is a cloth for all situations and environments, if hygiene and disposability are your key criteria its price allows you to use it for a day then throw it away. Alternatively Breazy is also machine washable up to 15 times.

Maximum hygiene

The Vileda Breazy is a natural part of any modern cleaning system. It has been certified by a leading, independent institute of giving a 96.3% reduction of bacteria in just one wipe. Breazy is also available colour coded RBGY.

Outstanding dirt pick-up with unique wave structure

The microfibre content and unique wave-formed pattern gives Breazy 40% better dirt pick-up capability than comparable conventional cloths. After trapping the dirt in the 'pick-up pockets', rinse, wring and use it again, then dispose of or machine wash.

Value for money

Compared to disposable or semi-disposable alternatives, Breazy gives excellent value for money. It out performs every kind of textile rag or disposable paper alternative and it's more affordable than any state-of-the-art durable cloth.

TSU	Description	Colour	Packs/Case	Pieces/Pack
137638	Breazy	Blue	15	20
137640	Breazy	Red	15	20
137642	Breazy	Green	15	20
137641	Breazy	Yellow	15	20

Helping you make a difference.
