

r-MicroOne Premium Swep Duo

Mop is made from 100% recycled material

Product Description

r-MicroOne Premium Swep Duo is Vileda Professional's recycled double-sided mop. Made from 100% recycled post-consumer plastics and being 100% recyclable itself after usage, it represents Vileda Professional's new sustainable single-use product range. The mop is equipped with an absorbent double-sided pad, containing very fine split microfiber. As a result, an efficient rapid cleaning and superior floor coverage is guaranteed. The recycled double-sided mop is 100% compliant with quat-based disinfectants and is suitable to be used with the pre-prepared cleaning method.

r-MicroOne Premium Swep Duo combines many advantages of a durable mop with the benefits of a single use product: easy use, hygiene and no laundering. It removes up to 99.99% of bacteria and viruses just with water. Due to the colour coding system the mops can be differentiated easily and adapted to individual hygiene systems.

Application area

Its versatility and practicality make the recycled double side mop ideal to use in a multitude of environments like general building, hotels or restaurants but also for uneven or heavily-soiled surfaces. Even hygiene sensitive areas like hospitals, isolation rooms or patient rooms can be cleaned with the r-MicroOne Premium Swep Duo.

Advantages

- ✓ Maximum hygiene due to the removal of up 99.99% of viruses and bacteria only with water - as certified by an independent external test institute
- ✓ Advanced microfiber technology and excellent cleaning performance
- ✓ Superior floor coverage due to the double-sided mop

- ✓ Made from 100% recycled PES
- ✓ 100% recyclable after usage
- ✓ 100% quat compliant
- ✓ Suitable for Pre-prepared
- ✓ No complicated laundry logistics
- ✓ Colour system for simple differentiation of mops and individual adaptation to hygiene systems

Storage, disposal and end-of life

Keep palletized products in a cold and dry place. Avoid exposure to direct sunlight. Product is not subject to transportation regulations for hazardous substances or chemicals. Disposal via landfill or incineration possible. Please respect local regulations.

Quality assurance / Compliance with international standards

This product is compliant to our internal quality standards and external regulations.
